

# EYELID SURGERY PRICE GUIDE

All patients see the consultant and nurse for their first consultation during which eyelid measurements and preoperative photographs are taken, then a surgical plan made, and report prepared with a firm quote.

- ▶ Lift the upper eyelids - Upper Blepharoplasty for hooded eyelids
- ▶ Remove lower eyelid bags - Lower Blepharoplasty
- ▶ Raise drooping eyelids - Ptosis

CONDITION	TIME	COST

<b>Unilateral Ptosis correction</b>	£950	£1150	£250	£150	£450	£2950

The cost of lower eyelid surgery varies according to the approach taken, whether fat is reduced, skin excised or both, and reflects the time taken to do the surgery; therefore the above prices are guidelines. Please be aware that a full report and individualised quote will be prepared for you after the assessment consultation. Payment is two weeks before surgery.

Tisseel Fibrin Sealant used for the eyelid surgeries and is an additional £250.00
